

Fellow Lagosians and Nigerians,

I am sending you this email with the hope that you are one of those Nigerians who dream every day of a Nigerian that you could visit and be comfortable even if you plan to make the US or the Diaspora your permanent home.

Whether you are a Lagosian or from any other part of Nigeria, Lagos is home to all of us. If Lagos goes, there goes all of Nigeria.

As the most populous and richest state, Lagos is the financial nerve center of Nigeria.

Lagos is home to over 20 million people, which is more population than 32 African states combined. Lagos economy is the sixth largest in Africa.

Therefore, I am inviting you to join me in helping to elect someone who can make Lagos the dream city and State we all yearn for.

I enclose a draft campaign flyer and I would like to include your name as a supporter at whatever level you chose to contribute financially and morally. No amount is too small.

Please respond to this email if you would like for me to include your name as a supporter or visit [www.ambodeusasupporters.com](http://www.ambodeusasupporters.com) to sign up

## **HOST COMMITTEE**

You may also want to increase your level of participation by joining the host committee. As a member of the host committee, you must be able to make a higher financial contribution and be able to volunteer for other level of support on as need basis.

Your financial contribution to join the host committee is \$5,000.

Please don't tell me that you cannot join this effort for the simple excuse that you are not from Lagos or that Nigerian politicians have money.

When it comes to politics, it is incumbent on all of us to participate and help elect someone we have confidence in that can do our bidding for us.

Ambode is that guy and a quick look at his qualification and MANIFESTO should be enough to convince anyone that this is our man.

Remember, if you are not at the table, you are on the menu. If you don't participate, you cannot effect a change or complain.

I also hope that you will not give the excuse that since he is supported by the leader of APC, former Governor Tinubu, then you are hesitating on that alone. That argument will only help elect someone you do not want by default.

Ambode is his own man, he enjoys the support of his party leaders because he is the most qualified.

Therefore, I call on all Nigerians, especially Lagosians to come out and vote in-mass for our candidate, AMBODE.

For those of us who are in the DIASPORA, even though we can't vote, but we have a voice. We can make phone calls to change mind and mobilize for votes.

Our strategy is to prevail on all our friends and family in Lagos to go out and register and then vote for AMBODE.

A vote for AMBODE is a vote for continued progress in Lagos, a vote for Electricity, Water, Good roads, Good governance, Better education and much more.

I want to count on your support on behalf of our candidate.

Please respond immediately because the election is upon us and we need to mobilize starting TODAY.

May the New Year bring you happiness and prosperity.. May God bless our candidate and protect him and may God bless Lagos and our country Nigeria.

Thank you. I look forward to your support and quick response. Please forward this email to a friend or family member who can support this effort.
